

QB19.01: Down LO plate - ON-OFF - General Light - LED Warm - L 3588 - 49.5W 5475lm - 3000K - White

QA93: Initial moduleMinimal DownGeneral LightL 3596

Initial profile in extruded aluminium - Minimal (frameless) version for flush with ceiling mounting and up-down emission; methacrylate opal screen for diffused general light; screen set up for connecting several lengths by overlapping.

Installation can be recessed, surface, ceiling and pendant-mounted using suitable accessories to be ordered separately. The initial modules can be used individually for various applications if completed with accessory caps and the required LED module - L 3588.

Colour	Weight (Kg)
White (01)   Black (04)   Aluminium (12)	7

## ceiling recessed|ceiling surface|ceiling pendant

Set up exclusively to house L 3588 triple-length LED modules.

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

TPb rated. TPa version available on request, contact [ig@guzzini.com](mailto:ig@guzzini.com) for more info

Complies with EN60598-1 and pertinent regulations

QB19.01: Down LO plate - ON-OFF - General Light - LED Warm - L 3588 - 49.5W 5475lm - 3000K - White **Attention! Code no longer in production**

LED module set up for housing in intermediate system profiles, ideal for particularly long light lines. Down emission - Low Output version for General Light profiles (with opal diffuser screen). Electronic control gear integrated in the luminaire. Extruded aluminium heat sink; high emission yield flux enhancer. Warm 3000K LED

Module insertion on profiles facilitated by a quick coupling system.

Colour	Weight (Kg)
Indeterminate (00)	3.8

Quick coupling terminal block connection to simplify connections between the subsequent modules. Complete with integrated ON-OFF - non-dimmable control gear.

Important: the triple length intermediate luminous module can be used for both initial profiles - L 3594 - for stand-alone applications, and intermediate profiles - L 3594 - for continuous line applications.

Complies with EN60598-1 and pertinent regulations
