**Product code**

QB35: Angular LED module - Frame Down HO - DALI - General Light - Warm

Technical description

Angular element for Frame version profiles with contact frame; including a 3000K Warm LED module, High Output version. The module optic and structural fittings allow high luminous flux and system efficiency values. Methacrylate opal screen for diffused general light; screen set up for overlap connections. Integrated DALI control gear. Pass-through wiring for continuous lines:

Installation

Recessed using the brackets on the profile.

Colour

White (01)

Weight (Kg)

4.17

Mounting

ceiling recessed

Wiring

The angular profile is supplied with pass-through wiring for continuous lines. Quick coupling terminal blocks to simplify connections between the luminaires. Complete with integrated dimmable digital DALI control gear.

Notes

Take care when configuring the system; to complete a continuous line with an angular profile correctly, two initial modules are required, one for each end of the corner.

Complies with EN60598-1 and pertinent regulations
