## Accessory code

X419: Aluminium flange for installation on poles  $\varnothing$  102 mm - for 2 projectors Palco InOut  $\varnothing$ 83- $\varnothing$ 119- $\varnothing$ 137- $\varnothing$ 153

## Technical description

Aluminium die-cast flange with surface treatment by texturised liquid painting. It can be installed on any  $\varnothing$ 102mm-pole with no need to make holes for mechanical anchoring. It permits rotating completely the Palco in out projector in all directions thanks to the combined projector/flange rotations (continuous) and bracket/flange rotations ( $360^\circ$ ). Installation is guaranteed by stainless-steel nuts, bolts and screws. Each flange has hexagonal seats for nut antirotation

## Colour

White (01) | Black (04) | Grey (15) | Rust Brown (F5)

## Weight (Kg)

1.8

## Wiring

The power-supply cable passes through a cabling sheath (hole diameter = 15 mm) to enter the pole.

Complies with EN60598-1 and pertinent regulations

960°C
