Product configuration: QD69

QD69: Recessed Frame section 10 LEDs - integrated DALI - Wall Washer Longitudinal Glare Control

Product code

QD69: Recessed Frame section 10 LEDs - integrated DALI - Wall Washer Longitudinal Glare Control

Technical description

Miniaturized recessed linear luminaire for LED lamps. Despite the ultracompact size of the product, the patented technology of the optic system guarantees an efficient and homogeneous effect on walls from top to bottom and avoids shadow zones near the ceiling. The black polycarbonate perimeter frame is designed to significantly reduce the effect of longitudinal glare. Main body with die-cast aluminium radiant surface, version with perimeter surface frame. Flux enhancer - superpure aluminium reflector - asymmetrical textured PMMA screen. Supplied with a power supply unit connected to the luminaire.

Recessed with steel wire springs for false ceilings from 1 to 25 mm thick - preparation hole 24 x 186. To light walls correctly check the installation distances and centre-to-centre distances indicated on the instructions sheet.

Weight (Kg)

0.55

Colour

* Colours on request

Mounting

ceiling recessed

Wiring

Integrated dimmable DALI control gear. Connection to mains network on power supply box; screw connections.
