

Luminaire adapter - for products with mechanical track lock - Superrail

Last information update: August 2023

Accessory code

PB61: Luminaire adapter - for products with mechanical track lock - Superrail

Technical description

Polycarbonate adapter with electrical contacts. This allows several luminaires to be installed to the Superrail LV track using an adapter fitted with mechanical locking devices. The levers on the ends ensure that the adapter cannot be detached from the track and cannot slide when the track is wall-mounted.

**Colour**  
White (01) | Black (04)

**Weight (Kg)**  
0.07

Complies with EN60598-1 and pertinent regulations
