Last information update: December 2023

Accessory code

X141: Stainless steel low support clip - L=40

Technical description

AISI 316L stainless steel Low support clip L=40mm, for Underscore with side exit for cable with connector. Ideal for curved sections.

Installation

Wall or ceiling installation using the special hole under the clip. Secure using screw anchors for concrete, cement and solid brick.

Colour

Steel (13)

Weight (Kg)

0

Mounting

wall arm|wall surface|ceiling surface

Notes

For Underscore InOut, 16mm TOP-BEND. Compared to a clip this passes the cable with the Underscore connector round the side.

Complies with EN60598-1 and pertinent regulations
