

Minimal and connected pole

Last information update: December 2023

Accessory code

X738: Steel flange for installation on cylindrical-conical poles with twin access covers diameter Ø102mm and Ø120mm - for 1 Agorà Compact, Agorà Slim, Maxiwoody and iPro spotlight.

Technical description

Forged steel flange for installation on cylindrical-conical poles with a final diameter of both Ø120 and Ø102mm. The flange can be installed via a series of holes already in the poles: 2 steel inserts for installing the flange and 1 hole for the cable to pass through.
