Last information update: March 2025

Product configuration: E166+X209.04

E166: Floor recessed Earth D=250mm - Neutral white - Medium optic - DALI X209.04: Plastic casing for installation on floors + end cap - Black

Product code

E166: Floor recessed Earth D=250mm - Neutral white - Medium optic - DALI

Technical description

Floor or ground-recessed luminaire designed to use white monochrome LED lamps, a fixed optic and a built-in dimmable DALI electronic ballast. The round frame measures D = 250 mm, the body and frame are made of AISI 304 stainless steel and the extraclear, sodium - calcium tempered glass cover is 15mm thick. The stainless steel body is painted black. The luminaire is fixed to the outer casing using two Torx type securing screws. It also comes complete with an LED circuit, an aluminium OPTIBEAM reflector and a black plastic cover. An external black plastic box (PPS) contains the control gear. The product's wiring system features an A2 stainless steel cable gland with a 1200 mm long A07RNF type 4x1 mm2 output power cable. The cable is equipped with an antitranspiration device (IP68) that consists of a silicone-coated joint located on the power cable and positioned in the control gear box. An outer casing is available for installation and can be ordered separately from the plastic optic assembly. The glass unit, optical assembly, frame and outer casing together guarantee a maximum static load resistance of 5000 kg. The maximum surface temperature of the glass is less than 40°C.

ø 178

Installation

The product is fixed to the outer casing using two Torx type securing screws. The unit can be floor-recessed using the outer casing for installation or ground-recessed.

Colour

Weight (Kg)

Steel (13)

Mounting

Floor recessed ground recessed

Wiring

Product complete with 220÷240V ac DALI dimmable electronic control gear, positioned in a box separated by the optical assembly and outlet cable.

Notes

IP68 rating on both the product and the cable using IP68 connectors * The product is not suitable for installation in swimming pools and fountains. Overvoltage protection: 4kV Common Mode, 3.5kV Differential Mode

Complies with EN60598-1 and pertinent regulations

10m

The lighting fixtures were designed and tested to withstand a static load of up to 50000 N and to resist drive-over stress by vehicles with tires. The fixtures cannot be used in lanes subjected to horizontal stresses due to acceleration, braking and / or changes of direction.

Accessory code

X209.04: Plastic casing for installation on floors + end cap - Black

Technical description

Made of plastic (polypropylene). Inclusive of front cap with system for extracting the cables and double cable entry.

Installation

Floor-standing (concrete)

Colour

Black (04)

Weight (Kg)

Mounting

ground surface|Floor recessed|ground recessed

Complies with EN60598-1 and pertinent regulations
