Product configuration: Q957

Q957: Frame recessed luminaire - 15 cells - General Lighting Pro - DALI

Product code

Q957: Frame recessed luminaire - 15 cells - General Lighting Pro - DALI

Technical description

Rectangular recessed miniaturised luminaire with 15 optical elements for LED sources - fixed optics with metallised thermoplastic high definition Opti-Beam reflectors, integrated in a set-back position in the anti-glare screen. Main body with die-cast aluminium radiant surface, version with perimeter surface frame. Despite the ultracompact size of the product, the combination of a total white finish and the patented technology of the optic system guarantees an even and efficient luminous flux optimised by a special diffuser screen that reduces direct glare significantly. Supplied with DALI dimmable electronic power supply connected to the luminaire.

Installation

Recessed with steel wire springs for false ceilings from 1 to 25 mm thick - preparation hole 24 x 276.
